USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

SAKINA TUNISSA ANARKI

✉ **Email:** anarkissa@gmail.com

📍 **Location:** Semarang

📖 **Desired Program:** MS in Energy and Resources,
Master of Environmental Management

Issa is a chemical engineering graduate from Universitas Muhammadiyah Surakarta who is passionate about community-driven renewable energy development. In 2021, she embarked on a transformative journey, assisting the Marind tribe in Webu Village, South Papua, in realizing their vision for a self-sufficient renewable energy project. This enriching experience crystallized her unwavering commitment to championing community-driven renewable energy initiatives – a cornerstone for achieving sustainable and impactful progress in the clean energy sector.

She believes joining the USINDO GRASP Mini Intensive Course will be instrumental in honing her critical thinking skills, equipping her to formulate compelling arguments, conduct insightful analyses, and express her ideas with exceptional clarity. These sharpened abilities will be invaluable as she pursues her mission to empower communities through renewable energy solutions.

JESSIE ANDAYANI SANTOSO

✉ **Email:** jessieandayani@gmail.com

📍 **Location:** Bandung

📖 **Desired Program:** Master of Business
Administration

Jessie, a fashion design graduate from the renowned University of the Arts London, brings a unique blend of creativity and business experience from her family enterprise. With a passion for fashion, scuba diving, and dance, she's ready to embrace the transformative power of an MBA in the US, seeking inspiration from mentors and peers at USINDO to reach her full potential.

USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

PRADISTY HERLINA SETIABUDI

 **Email:** pradisty.setiabudi@gmail.com

 **Location:** Banda Aceh

 **Desired Program:** Master of Business Administration in Technology

Pradisty is currently working at PT Telkom Indonesia. As a Senior B2B Specialist in Aceh Area, she orchestrates B2B IT solutions. Her interest grows in Technology, as she finds out that Tech could be a huge gamechanger. As an Industrial Engineering graduate, she requires more knowledge in managing tech and business, and that is the reason why she wants to apply to the best Business School - and that is in the US. As she needs guidance, she is so much looking forward to joining the USINDO Grasp Course especially because they will help and assist her into writing her statement, and tips and trick to break the US Business School.

LULU HANDAYANI

 **Email:** lhandayani75@gmail.com

 **Location:** Jakarta

 **Desired Program:** Master of Public Administration

Lulu currently works at the Ministry of Finance as an Internal Auditor. She holds a bachelor's degree in Management from Perbanas Institute, Jakarta. She loves learning new things and dreams of continuing her studies in the United States. Her current responsibilities include overseeing the monitoring and evaluation of government guarantees on infrastructure projects. She hopes that by joining the USINDO GRASP mini-intensive course, she can move closer to achieving her dream to help the Indonesian government build cost-effective infrastructure for its people.

USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

NICKO CHANDRA

 **Email:** nickochandra94@gmail.com

 **Location:** Depok

 **Desired Program:** Master of Business Administration

Nicko Chandra is currently working at one of the leading telecommunication companies in Indonesia. He was a former banker in the wealth management area with experience in digitalization. Apart from his job, he loves to explore new places and learn something new.

He holds a Bachelor's degree in Industrial Engineering and is willing to pursue his graduate degree in the U.S. to gain more perspective and accelerate his learning process. He really interested in joining the program as he will be able to learn the fundamental skills needed to achieve his dreams and meet other like-minded individuals

PATRICIA

 **Email:** patriciasugiaro@gmail.com

 **Location:** East Java

 **Desired Program:** Master of Science in Entrepreneurship

She considers herself as a person with great enthusiasm for business, especially for SME scale. Since 2018, she has initially founded "Ayam Djoeprek Indonesia", a food and beverage enterprise in Indonesia, specifically in Kediri City. Currently, she has expanded her own business by opening six new branches, located in several sub-district areas in Kediri. As a founder of this enterprise, she is eager to learn about the technology innovation regarding the survival of her business. Now, she is strongly motivated to apply for a master program in MSc Entrepreneurship and Innovation at University of Washington. However, passing this journey needs some time to keep on track for the application deadline. Hence, joining this booth camp will help her to build critical thinking on her essay.

USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

SULTAN PRASASTI

✉ **Email:** ssultanprasasti@gmail.com

📍 **Location:** Jakarta Barat

📖 **Desired Program:** Ph.D in History, Anthropology, Science, Technology and Society (HASTS)

She was the best graduate (valedictorian) and the most outstanding student of the law faculty from Atma Jaya University Yogyakarta. Now, Stefani has a professional career as a Legal Counsel in the field of renewable energy, power, solar photovoltaic industry and construction projects at one of the leading solar power generation companies in Indonesia and global which is in line with her commitment to fully support and bring impact for the target of transition energy towards the green energy and net-zero emission globally.

USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

TRI NURMALINA PAMBUDI

✉ **Email:** trinurmalina13@gmail.com

📍 **Location:** Kediri, East Java

📖 **Desired Program:** Master of International Affairs, MS in Global Affairs

Tri is an International Relations graduate from Universitas Airlangga, Surabaya, Indonesia, with a passion for international affairs, security studies, journalism, and international political economy. She is deeply committed to making a positive impact and is actively involved in voluntary activities. Currently, she serves as the Publishing Coordinator for the Australia-Indonesia Youth Association and as a Project Associate and member of the News Team for IR101 Initiatives platform. In the future, she aims to continue her studies in the US, focusing on security studies, particularly in cybersecurity. Her goal is to utilize the knowledge and skills she gains during her studies to establish a fact-checking platform suitable for Indonesia's political and social environment. Tri hopes to achieve this dream by joining the USINDO Grasp Mini Intensive Course, where she can acquire the necessary skills to contribute to improving Indonesia's security, especially in the cyber realm.

TRIA PUSPITA SARI

✉ **Email:** tria.sowijoyo@gmail.com

📍 **Location:** Jakarta Selatan

📖 **Desired Program:** Master of Business Administration in Strategy & Global Business

Tria Sari is currently working as Business Development and Project Control Manager at Hyundai Engineering's Indonesia subsidiary company. She held a Bachelor's degree in Civil Engineering from University of Indonesia (UI). She intended to pursue Master Degree in Business Administration (MBA) in The U.S. and currently received LPDP scholarship. Her interest in Business started when she learned about Hyundai's founder and she wish to be as great or becoming more than him. She also wish her future degree in MBA not only contribute to her personal development but also will contribute to Indonesia's development. She joined USINDO GRASP Mini Intensive Course to help her in admission process and to meet another Indonesian fellows who will study in The U.S.

USINDO GRADUATE SCHOOL APPLICATION PREPARATION (GRASP) MINI INTENSIVE COURSE

VICI MILENIA

 **Email:** vimilenia@gmail.com

 **Location:** Jakarta Selatan

 **Desired Program:** Master of Science in Artificial Intelligence

Vici graduated from Binus University in 2020, with a major in Computer Science and a minor in Intelligent Systems. She fell in love with AI during her college days and is excited to learn how to build AI to help solve humanity's problems. With four years of Back-End Engineering and Software Architecture experience, she hopes she could use her background as a stepping stone to get into her dream schools. She hopes the course would help her learn to narrate her story and convey her passion through writing, and identify any gaps in her background so she could find a way to bridge those gaps.

YANECHSON GWARRY KOGOYA

 **Email:** yanechsongwarry@gmail.com

 **Location:** Sumedang, Jawa Barat

 **Desired Program:** Master of Public Administration
